

PRODUCT OVERVIEW

- Available in aluminum, galvanized and stainless steel
- Available in 1" and 2" nominal depths
- Optional handles
- Ideal for use in
 - HVAC Air Intakes on Commercial Buildings
 - Kitchen Exhausts
 - Roughing Filter applications

AEROSTAR MESH FILTER

WHY THE MESH FILTER?

- Multiple layers of perforated or expanded metal inside a roll-formed frame
- Washable filters, can be vacuumed, sprayed or run through the dishwasher for cleaning
- Holds up to the rigors of harsh environments such as snow, debris, high temps
- Re-usable and recyclable, zero annual contribution to landfills
- Can be installed to protect equipment and/or secondary filters with minimal reduction in air flow

MESH FILTER
