

Copeland Mobile – Advanced Training

April 2nd, 2020

You will be muted on entry
If you run into any issues please use the Chat Box

What You Will Learn Today?

- Emerson's Copeland Mobile App & Desktop Version
 - How to download app
 - How to find and use desktop version
 - Key features and benefits
 - How to register and sign in to Copeland Mobile
 - Reviewed the functionality of Copeland Mobile
 - Practice using the apps

Ground Rules For This Session

- Type your questions in the chat box.
- Mary will field questions and “unmute” you if required
- During question period at the end please raise your hand and we will unmute you.
- Please respect others' points of view.
- Please share any **ground rules** you would like to add before we get started in the chat box.

Features & Benefits

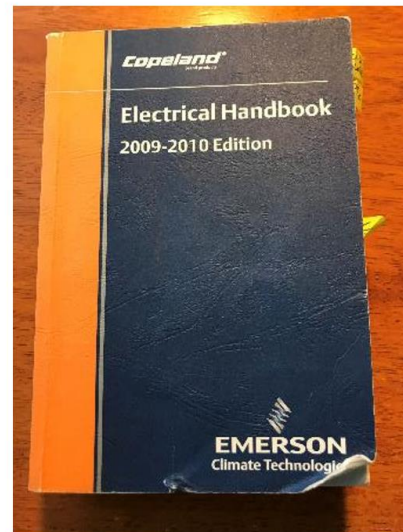

Copeland Mobile has access to over 30 years of Copeland compressor information. This tool is used to provide you with the most current and accurate information on Copeland compressors. It will help you do many things from find parts need for your compressor to the close wholesaler with stock.

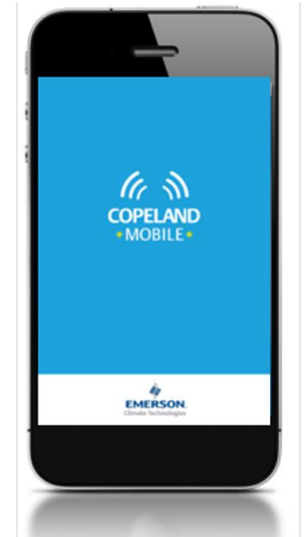

The Copeland Mobile app includes:

- WebApp – Instant updates
- Auto fill model recommendations
- Where To Buy Lookup
- Model / Serial Number Scanning
- Full parts and accessories listings
- Compressor Diagnostics
- Replacement model Cross Reference

#6400 - Last printing was 2009-2010...

The best source for all Copeland electrical data -
Parts / Resistance / Wiring Diagrams
Easier to use / always with you /
always up to date

Desktop Version - www.climate.emerson.com

The screenshot shows the desktop version of the Emerson Climate Technologies website. The browser address bar displays "https://climate.emerson.com/en-us". The website header includes the Emerson logo, navigation links for "About Us", "Investors", "Careers", "Contact Us", "News & Events", "Sign In", and "United States (English)", and a search bar. The main content area features a large image of a city skyline at night with the headline "Transforming How People Live and Work" and a sub-headline: "Drawing on our expertise and global perspective, we combine engineering and technology to develop HVACR and infrastructure solutions that best serve our customers." Below this is a teal navigation bar with links for "PRODUCTS", "TRUSTED BRANDS", "INNOVATION", and "STEWARDSHIP". The lower section contains the text "The Information You Need, Right at Hand" and "Emerson Commercial and Residential Solutions offers a wide range of innovative products, solutions, support, training and tools - all designed to make life more comfortable and your job easier." Two call-to-action boxes are present: "Access OPI for product information and data. ONLINE PRODUCT INFORMATION >" and "Access customer portals and tools from one page. LOGIN >". A red arrow points to the "ONLINE PRODUCT INFORMATION" box. A "Feedback" button is located on the right side of the page.
