FAST-STAT

HVAC WIRING EXTENDER

PRODUCT OVERVIEW

WHY CONTRACTORS CHOOSE FAST-STAT

Simple upgrades for air conditioners

Add or upgrade HVAC equipment without installing new cables

Easy heat pump conversions

With the ever increasing popularity of heat pumps, FAST-STAT makes conversions easier by eliminating the need for rewiring

Reduce labor costs and increase job efficiency

Decrease the number of hours required to complete an installation

ABOUT FAST-STAT

- Six models are available to cover a range of applications
- Compatible with all conventional HVAC equipment
- UL approved
- Currently sold in supply houses across the USA and Canada
